Ambit DC Ceiling Fan By Modern Fan Co.

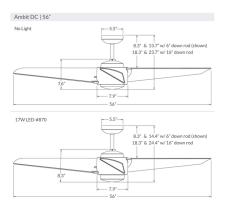

Description

The Ambit DC Ceiling Fan is built with an energyefficient DC motor and three wide blades, delivering powerful airflow to freshen up your space. With its sleek, modern profile and numerous housing and blade finish options, this fan integrates well into any room design. The injection-molded ABS blades are a solid color or surface-printed with a woodgrain pattern. The fan is available with or without an integrated LED light. The light is cast through an opal glass diffuser, providing soft ambient illumination. Three RF control options are available: Remote Control (RC), Wall Control (WC), or Wall/Remote Combo (CC). The control can turn the motor on/ off, adjust between 6 speeds, and set forward and reverse. If the fan has a light, the control also enables light on/off and dimming. Optional accessories are sold separately.
