Nouveau DC Ceiling Fan

By Modern Fan Co.

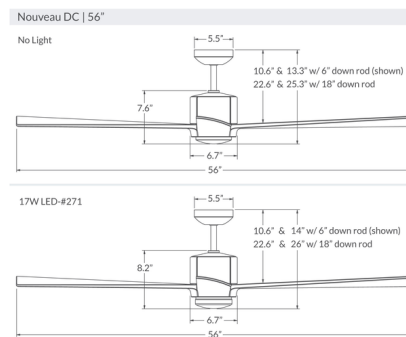

Description

The Nouveau DC Ceiling Fan presents a clean, modern aesthetic that blends seamless with many room design styles. Its cylinder housing is accented with subtle vertical grooves in a contrasting finish as a touch of refinement, and squared-off blades complete the contemporary look. Its solid wood blades and energy-efficient DC motor work together to deliver powerful airflow throughout your space, creating a refreshing comfortable environment. The fan is available with or without an integrated LED light. The light is cast through an opal glass diffuser, providing soft ambient illumination. Three RF control options are available: Remote Control (RC), Wall Control (WC), or Wall/Remote Combo (CC). The control can turn the motor on/off, adjust between 6 speeds, and set forward and reverse. If the fan has a light, the control also enables light on/off and dimming. Optional accessories are sold separately.

Shown in graphite / matte black / graywash
