Pallana Pendant

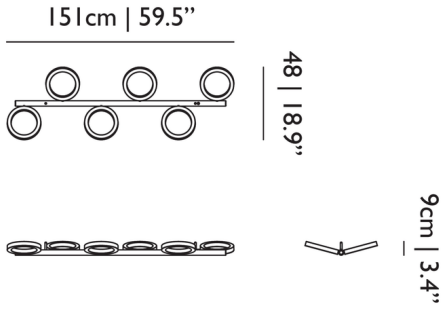

By Moooi

Description

The Pallana Pendant offers a playful but practical design that will add an exuberant touch to any room while aiding in everyday tasks. Pallana consists of six LED ring lights supported by a horizontal rod wrapped in coordinating fabric. The rings can be rotated to direct their light precisely where it is needed, from additional task lighting over a kitchen counter or ambient lighting in a dining room or entryway. Pallana is outfitted with warm-to-dim technology, which creates a warmer color as the light is dimmed. Note: The Pallana is only dimmable using the Wireless Wall Dimmer Switch, sold separately.
