DESCRIPTION

The Onfa Plug-In Pendant features a unique design that pairs a slim metal stem with wooden accents for a sophisticated and elegant look. The pendant is suspended from the ceiling with a metal tube encasing a portion of the cable. The lamp head magnetically attaches to the tube, allowing it to be easily rotated and repositioned to provide light precisely where it is needed. A wooden pendulum in coordinating finish dangles at the bottom of the cable to provide stability and weight. Dimmer switch located on cord.
