Makin Wall Light By Troy Lighting

Description

The Makin Wall Light is stylish and functional, built with an adjustable shade for aiming the light in just the right direction. Its subdued finish works well with many color palettes, and knurling on the lamp socket and a braided black cord add vintage industrial character. Use a pair of these lamps as bedside lights, or place one in a cozy reading nook. Can be hardwired or a plug-in.

Shown in patina brass / soft blue
