Haze Rug

By Nanimarquina

Description

The Haze Rug, designed by Begum Cana Ozgur, is inspired by the harmony of colors drawn from nature at the moment when the haze appears. In this unique coevality, the colors speak to each other, generating a visual balance resulting from visual sensitivity; they interact, while becoming hard to control. Unlike other creative processes, Haze is a rug devised directly on the loom, as the designer experimented with chromatic interactions and color fading by means of mixing colors optically.
