Caged Wet Wall Light

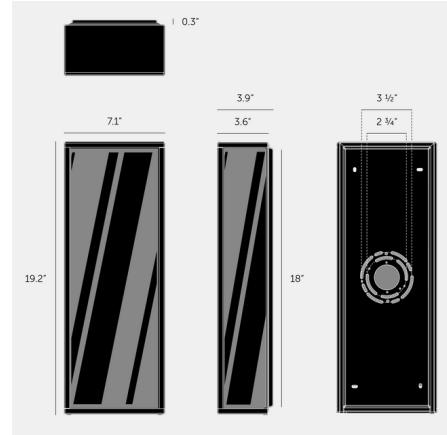

By Buster + Punch

Description

The Caged Wet Wall Light is a versatile fixture with a transitional design, featuring a rectangular metal and glass cage surrounding the light source. The glass panes protect the fixture from water, making it suitable for use outdoors or in bathrooms. The sconce's socket is decorated with a cross knurled pattern and Buster + Punch's signature coin screws are left exposed for a modern industrial look.

Shown in steel / clear
