Spero Pendant

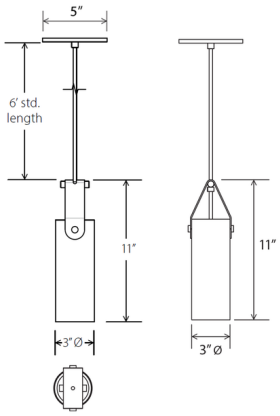

By Cerno

Description

The Spero Pendant packs a distinctive mixed-material aesthetic in its compact form. A wide leather strap is joined to the metal shade by pronounced rivet details, and it hangs from a slim horizontal metal bar attached to the cord. The bottom aperture allows light to shine downward, providing ample illumination while minimizing glare. Use the Spero over a small area or place several over a kitchen island or dining table to bring a touch of both contemporary and rustic styles to the space. The pendant with a Textured White shade has a white canopy and cord, and the other shade colors have a black canopy and cord. The fixtures that include a bulb are TRIAC and ELV dimmable.

Shown in black / brushed brass
