ADA CE

## Description

The Ambra Round Wall Light timeless geometrical form speaks to us about architecture. Full of character and strong lines, it is simply shaped and elegant. The proportions play with gravity, overlapping both materials. It becomes the center of attention with its warm and vibrant light. The unquestionable rich aesthetic of powder coated aluminum and stunning volcanic rock texture becomes a sculpture of light. Note: Includes a 4.72 inch junction box wall cover for U. S. junction box in white finish for Red and White sconces or black for Black sconce.
