

BRAND Visual Comfort Architectural

DESCRIPTION

The Monorail Rigid Standoff is designed for use with the Tech Lighting Monorail system. Rigid standoffs are compatible with various power feed options, listed in the chart pictured. Use standoffs at every 3 ft of Monorail run and at corners. They can be positioned to cover points where rails are joined. For the best look, place the last standoff 4-6 inches from the end of the rail and place standoffs symmetrically. Note: The Aged Brass finish is only available for the 3 inch standoff.

Shown in: Satin Nickel

SHADE COLOR	N/A
BODY FINISH	Satin Nickel
