Girasoli Spotlight By II Fanale

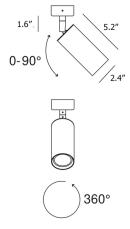

Description

The Girasoli Spotlight has a minimalist design that has been inspired by simple geometric shapes. A cylinder with a primordial essence that's been forged of brass or iron give the light clean lines that highlight the purity of the material. Girasoli's functional design allows it to be rotated 360 degrees and angled up to 90 degrees to direct light precisely where it is needed. Includes canopy for US installation.

Shown in natural brass
