AJ Wall Sconce By Louis Poulsen

Description

The AJ Wall Sconce is based on two geometric shapes - a cylindrical socket and a conical shade. The lamp focuses light exactly where it is needed and is ideal as a lamp for work at your home or office or as a reading lamp. The AJ lamp's unusual lines and shade volume, and the round hole in the base, give it a highly sculptural appearance. Available with an On/Off Switch on the backplate, or no Switch.

Shown in soft lemon
