Riketta Pendant

By Vistosi

Description

The form of the egg has earned a prominent place throughout art history thanks to its organic, almost perfect shape. Designer Oriano Favaretto used this shape to create a modern, sculptural lighting element in the Riketta Pendant. Riketta is composed of the complementary materials of thin metal rods and opaline glass for light and harmonious expression. The glass diffuser houses an integrated LED light source to produce pleasant ambient light.

Shown in matte white / matte white
