Calumet Double Wall Sconce

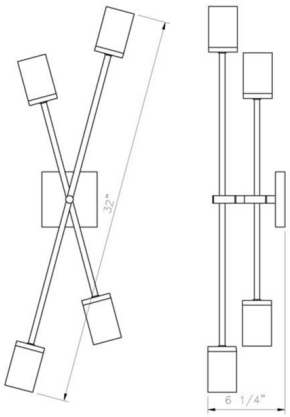

By Z-Lite

Description

Linear and minimalist design takes a taste of the dramatic with a Calumet Double wall sconce. This fixture's aesthetic has roots in a Native American tribal motif, making for a delectable, expressive way to add ambient, targeted lighting. Cross-positioned arms and a square wall mount made of bold steel are end-capped with warm finish shades that send light in an upward and downward direction. Can be mounted vertically or horizontally.
