## ZA Seat Pad

By Emeco

### Description

The Za Seat Pad for Za stools is offered in 100% merino wool felt and leather. Color match or mix it up, the choice is yours. The felt seat pads are available in colors that match the powder coat colors of the stools and offer a smooth feel, great durability and abrasion resistance that prevents pilling and wearing. The leather seat pad is made from skirting leather, traditionally used for saddles and holsters, which gives the pad some heft and helps hold its shape. The leather is vegetable tanned, which allows it to patina beautifully with use.
