GrowLARGE Plant Box

By Squarely Copenhagen

Description

The GrowLarge Planter Box is more than a planter; it's a piece of furniture for plants. Its wide shape and height make it work as a free-standing green wall or a space divider. The size fits tall plants, such as bamboo, grasses, or tropical plants. The design of vertical wooden panels on the planter creates a decoration-highlight in every room. The planter's hidden self-watering system and its large water reservoir will free you from hours of watering and result in better plant growth. Optional wheels accessory available, sold separately.

Shown in natural ash
