Mantle Portable Lamp

By Tala

Description

The Mantle Portable Lamp is a rechargeable, battery-powered lamp that can be placed in any setting to mimic the ambiance of natural candlelight. While Mantle possesses a distinctly modern silhouette and functionality, the speckled finish pays homage to traditional enamel-coated tableware. The lamp's flared LED bulb and conical base project light evenly onto the tabletop surface, and a fin-like projection provides a convenient carrying handle. The built-in dimmer features two modes: 100% to 10% continuous or three-step with 200lm / 140lm / 75lm levels.

Specifications
