Jackfruit Vase Set of 3

By Currey and Company

## Description

The Jackfruit Vase Set includes three green vessels that are made from a lost-wax process so they read as if they are covered in the skin of the jackfruit. The inside of each bronze vase is a brilliant gold made of polished solid bronze, which will need to be cleaned from time to time to maintain its sheen. These green decorative vessels are water tight so they will not leak.

Shown in green / gold
