Olisa Console Table

By Currey & Company

Description

An earthy alternative to rattan and wicker, the Olisa Console Table is covered in braided abaca rope to bring a natural elegance to a room. The dexterity required to wrap a piece of furniture so skillfully makes this tan console table special. Due to the increased size of this rope-wrapped console table, it will make a commanding statement in grandly scaled spaces, such as great rooms and statuesque foyers. The natural material in which it is wrapped also means it's fitting for coastal settings. This console table was designed by Aimee Kurzner.
