Dandelion Floor Lamp

By Currey and Company

Description

The Dandelion Floor Lamp is a masterful composition that celebrates its namesake flower. The puff-balls that surround the bulbs are made of nails that are bent and welded together, a process that is extremely labor intensive. Made of wrought iron, the lamp's base, stems, and leaves are in a contemporary gold leaf finish, while the floral elements are in a mix of contemporary silver leaf and contemporary silver finishes. This special piece expressively celebrates nature. On/off foot switch.
