Coterie Chandelier

By Currey and Company

Description

The Coterie Chandelier is made of wrought iron in a bronze finish with a contemporary gold finish on the inside of the shades to bring added warmth to the illumination. Elements that bring the fixture elegance are the tall and thin arms, the small-scaled shades, and the aircraft cable on which it is hung; the innovation is thanks to the particular LED bulbs he chose, which are included with the fixture. An outstanding detail is how designer Clarence Mallari culminated the top and bottom of the large ring with rims, which extend both inside and out.

Shown in bronze gold

Specifications
