Phebe Tiered Chandelier

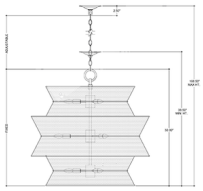

By Currey & Company

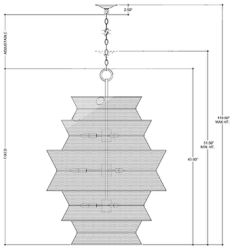

Description

The Phebe Tiered Chandelier is a dynamic design by Clarence Mallari that showcases the talents of our weavers and his own skill at working with natural materials. The chandelier has such a cohesive appearance because the circular wire frames are wrapped in the same material, then the entire fixture has been bleached. The vanilla finish of the hardware keeps the design light and airy. Clarence was inspired by a natural material story when he designed the Phebe.

Shown in vanilla / bleach
