# 24 Karat Blau Flat Plug-In Wall Light

By Ingo Maurer

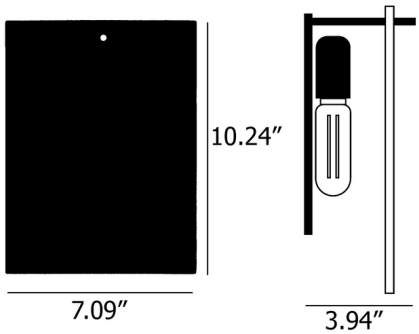

CE

## Description

The 24 Karat Blau Flat Plug-In Wall Light features wafer-thin hammered gold leaf set inside a rectangular acrylic panel. The pure gold shade filters light, causing the light source to appear blue, while the reflector plate reflects a warm yellow-gold halo around the fixture. The sconce can be installed vertically or horizontally at various distances from the wall, allowing for the creation of mosaic-like installations with overlapping panels. On/off switch located on cord.

Shown in gold leaf
