## One From The Heart Table Lamp

By Ingo Maurer

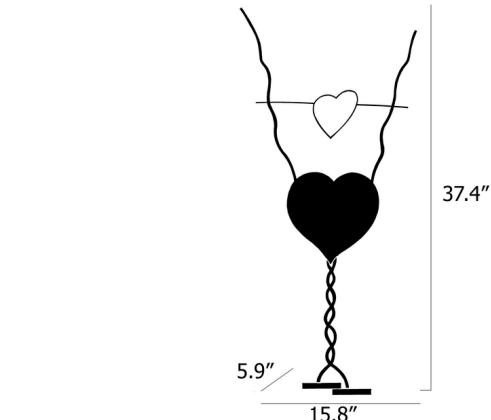

CE

### Description

The One From The Heart Table Lamp offers an intriguing look that is as much abstract sculpture as it is table lamp. The lamp's body is composed of slim wires with a red plastic heart illuminated from within by an integrated LED. Two wires stretch upward from the heart in a hug-like gesture and support an adjustable, heart-shaped glass mirror that can be used to reflect light. One From The Heart's interactive design encourages the user to experiment and tweak the lamp's shape to produce interesting shadows and reflections. Dimmer switch included on cord.
