Delight Plug-In Wall Sconce

By Ingo Maurer

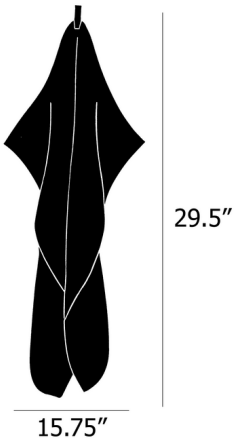

CE

Description

Originally created in 1980 by Frans Van Nieuwenborg and Martijn Wegman, the Delight Wall Sconce features a simple but elegant design that can be tailored to suit the individual user's liking. The plug-in wall light is obscured by a heat-resistant square of glass fabric. The fabric can be simply draped over the light or folded in any number of ways to create a customized look. On/off switch located on cord.

Shown in white / white
