Hot Achille Floor-to-Ceiling Pendant

By Ingo Maurer

Description

The Hot Achille Floor-to-Ceiling Pendant is an homage to the renowned lighting designer Achille Castiglioni. Hot Achille is a plug-in pendant that fastens to the ceiling with a screw with a weighted base hanging just above the floor. The lamp head is attached to a curved piece of metal tubing, which creates tension to hold the lamp in place. The tube can be slid along the length of the cord to adjust the height of the lamp, and the articulated lamp head can be angled to direct its light. Hot Achille's versatility makes it suited for a wide range of uses, from highlighting a desk or countertop to providing indirect ambient light when aimed towards the ceiling or wall. Dimmer switch located on cord.

Specifications
