Abysse Pendant

By Larose Guyon

Description

The Abysse Pendant is a versatile fixture inspired by the organic shapes and textures of the sea. To evoke the look of a floating bubble, a handblown textured glass globe is suspended from an aged brass chain that dangles gracefully like flowing seaweed. The globe houses an integrated LED light source that is obscured by clear bubbled glass to softly diffuse the light. The chain is anchored to the ceiling with a hand textured metal canopy that also adds visual weight to the light and airy design. Assembled with expert craftsmanship at Larose Guyon's workshop in Quebec, the sculptural Abysse exemplifies elegant simplicity. Note: Chain length is not adjustable. Overall height to order, available from 32 in. to 120 in. 7.6W Constant current driver is included.

Shown in dark aged brass / clear
