Collier 132 Chandelier

By Visual Comfort Modern

Description

The Collier Pendant Chandelier exudes luxury and sophistication. Solid crystal elements made in the Czech Republic are linked together and brilliantly illuminated by integrated LEDs, creating a beautiful strand of light that can be hung straight down in pendant form or draped between two mounting points. Interweave individual strands to create a stunning, dramatic light sculpture in your residential or commercial space. The Natural Brass is a living finish that will patina and warm over time, enhancing its richness. If the patina becomes uneven or spotty, a brass cleaner can restore the finish. Depending on fixture size, various driver and voltage options are available: Sizes 24, 36, and 48: Junction Box Driver: Includes a driver to be installed in the junction box. 120V: TRIAC or ELV dimmable. 277V: 0-10V dimmable. 120-277V: TRIAC, ELV, or 0-10V dimmable. Sizes 84, 108, 132, and 240: Remote Driver, 120V: Includes a driver to be installed in an accessible remote location. TRIAC or ELV dimmable. Remote Driver, 277V: Includes a driver to be installed in an accessible remote location. 0-10V dimmable. Surface Driver, 120-277V: Includes a driver to be installed in the canopy. TRIAC or ELV dimmable. The remote and junction box driver options offer a minimal ceiling look due to the low-profile canopy. For the most minimal appearance, the optional mud-in canopy kit (sold separately) can be used with a remote or junction box driver option. Note: The size 240 chandelier requires a junction box rated for fixtures weighing over 50 pounds.

Specifications

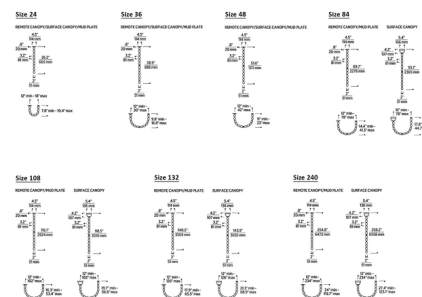

COLOR Clear
BODY FINISH Dark Bronze
WATTAGE 45.1W
DIMMER Low Voltage Electronic
DIMENSIONS 2"W x 143.9"H
INTEGRATED LED MODULE 1 x LED/45.1W/120-277V LED
COUNTRY OF ORIGIN China

Technical Information

LAMP LIFE 50000 hours
COLOR RENDERING 90 CRI
LAMP COLOR 2700K
LUMENS/WATT 55.12
LUMINOUS FLUX 2486 lumens

Shown in dark bronze / clear
