Pylon Crystal Chandelier

By Visual Comfort Modern

Description

The Pylon Crystal Chandelier makes a striking statement in a foyer or over a dining table with its slim dangling lights. Each light is an elongated crystal body with etched interior, displaying a multi-layer effect as light passes through. The lights can be hung at a uniform level or staggered in height for a dramatic effect. The swag hooks pictured are not included, but can be added to create unique arrangements. Swag hooks and other accessories are sold separately. Plugs are included to cover any unused canopy ports. A 120-277V universal driver is included, dimmable with a TRIAC or ELV dimmer. The Natural Brass is a living finish that will patina over time. If it becomes uneven or spotty, a brass cleaner can restore the finish. The Pylon series is part of the Trellis collection which represents modern, minimalist lighting in its purest form.

Specifications
