

BRAND Visual Comfort Modern

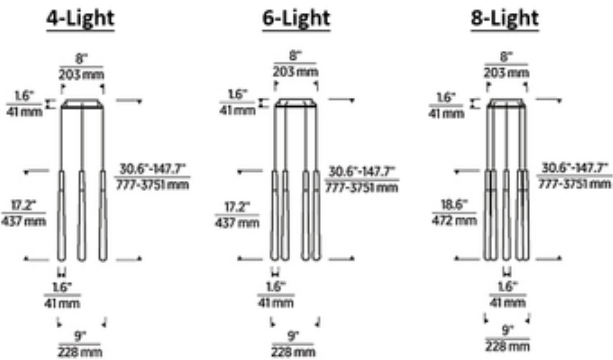

DESCRIPTION

The Pylon Crystal Chandelier makes a striking statement in a foyer or over a dining table with its slim dangling lights. Each light is an elongated crystal body with etched interior, displaying a multi-layer effect as light passes through. The lights can be hung at a uniform level or staggered in height for a dramatic effect. Plugs are included to cover any unused canopy ports. A 120-277V universal driver is included, dimmable with a TRIAC or ELV dimmer. The Natural Brass is a living finish that will patina over time. If it becomes uneven or spotty, a brass cleaner can restore the finish. The Pylon series is part of the Trellis collection which represents modern, minimalist lighting in its purest form.
