Bruco Linear Chandelier

By Eurofase

Description

Evoking a Manhattan skyline, the Bruco Linear Chandelier is formed from crystal blocks arranged at varying heights along its length. Bands of LEDs surround the crystal, driving light into the intersections and junctions of the blocks for a dynamic display of reflection and refraction. Hang the Bruco over a kitchen island or dining table to add a warm glow of ambient lighting with sophisticated modern style. Note: The 45.25 inch long chandelier requires a junction box rated for fixtures weighing over 50 pounds.
