Zamora Ceiling Light

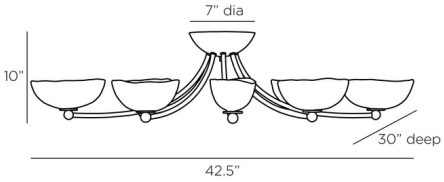

By Arteriors Home

Description

The Zamora Ceiling Flush Light combines sculptural form with understated elegance. Eight gracefully curved arms extend outward to support seeded glass shades, each crowned with an opal glass globe that conceals the integrated LED light source. The layered glass construction gently diffuses illumination, producing a warm, ambient glow with remarkable depth and texture. Designed to make a statement in spaces with lower ceilings, Zamora delivers modern sophistication and artistic presence to living rooms, dining areas, and entryways alike.

Shown in english bronze / smoke seeded
