Continuum 24V Surface Mount Track

By Et2

Description

The Continuum 24V Surface Mount Track is a low voltage 24V surface mount track. Field adjustable track lengths can be extended, connected, or cut to fit the space they are installed. On them, a variety of low voltage light sources can be quickly snapped into place adding and directing light exactly where desired. Use the connection pieces to create a track shape that fits your unique space, including changing planes from a ceiling to a wall. Note: Driver not included.
