Emana Chandelier By Maxim Lighting

Description

Straight extensions of rectilinear arms emanate from a cylindrical center housing in the transitional design that is the Emana Chandelier. The candelabra is made in a corresponding cylindrical form playing into the geometries of this streamlined chandelier design. The chandelier pairs well with many design aesthetics at an economical price point. Use tubular lamps for an industrial or more modern aesthetic or torpedo shape for an update to the conventional chandelier design. ELV or Triac Dimming. Note: Not all options are available.
