CounterMax Slim Stick Tunable White 120V Undercabinet Light By Maxim Lighting

Description

The CounterMax Slim Stick is an innovative, slim channel LED light bar. The 120V Slim Stick connects to a slim wire installation junction box where brightness and white color tunable light can be adjusted with the touch of a button. Features a control to provide color temperature variable between 2700K-5000K on a driverless LED strip. Included mounting clips allow installation of the channel flat or at an angle up to 90 degrees for applications such as cove, task, and closet lighting. Linkable end to end or with MX Interlink cord. Use of Direct Wire Box is required to unlock all of the features of the Slim Stick. Note: Direct wire box, hardwire driver, and optional accessories sold separately.
