The W Chandelier

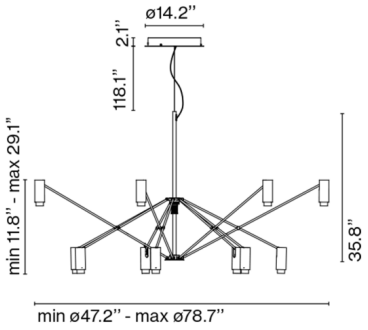

By Marset

Description

The W Chandelier is a versatile modern fixture designed to adjust to the different lighting requirements of large space. The W's frame features an array of angled arms reaching out from a central rods. The arms can be raised or lowered to expand the diameter of the chandelier and either focus or widen its light. Each arm is capped with a cylindrical head housing an integrated LED and polycarbonate diffuser.

Shown in black / terracota
