Floren Linear Pendant

By CTO Lighting

Description

The Floren Linear Pendant offers a modern interpretation of the Arts and Crafts design movement with a sleek linear frame accented with thoughtful decorative details. Each end of the pendant is punctuated with a ribbed clear glass globe supported by an exaggerated arch, and brass chains from the frame to the downrod provide both a support and decoration. Floren's elongated frame makes it an excellent choice above a dining table or kitchen island.

Shown in antique brass / clear
