Floren Chandelier

By CTO Lighting

Description

The Floren Chandelier offers a modern interpretation of the Arts and Crafts design movement with a sleek linear frame accented by thoughtful decorative details. Each of the chandelier's four arms is punctuated with a ribbed clear glass globe supported by an exaggerated arch, and brass chains from the frame to the downrod provide both a support and decoration. Floren's elongated frame makes it an excellent choice above a dining table or kitchen island.

Shown in antique brass / clear
