Hepworth Wall Sconce By CTO Lighting

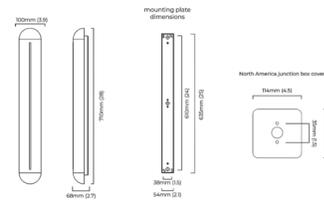

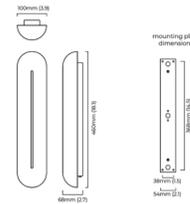

Description

The Hepworth Wall Sconce was inspired by the iconic works of Modernist sculptor Dame Barbara Hepworth. The sconce is crafted from alabaster with a rounded form, echoing the organic curves of Hepworth's sculptures. A thin metal line through the center of the sconce punctuates the design with a graphic accent. Includes 4.5 inch square plate (not pictured) to cover standard US junction box.

Shown in bronze / honed alabaster
