Nadene Tray

By Currey & Company

Description

The Nadene Tray is a decorative tray made of alternating colors of bone. The jagged pattern is created when blue and ivory colored bone is hand-applied to the surface, which makes the blue tray an artisanal accessory that packs a textural punch. Place this lovely decorative accessory on a kitchen island or a buffet and it will be a dynamic accent whether or not it holds any meal-specific elements.

Shown in blue / white
