Moreno Object Set of 2

By Currey & Company

Description

The Moreno Marble Objects Set includes two sculptures made of Rosa Cappuccino Marble, Camello Neve Marble, and Breccia Marble. The geometric sculptural pieces have tremendous personality because of the veining on two of the marbles, and the fact that the dynamic surfaces of the black and pink marbles contrast the pale softness of the other. The surfaces of the objects will vary from piece to piece, given the sculptures are made of natural stone.
