Demi Console Table

By Currey and Company

Description

The Demi Console Table is made of solid stone. A bevel softens the oval that is carved into the stone on both sides to infuse the accent table with sophistication, as the cut-outs form an oculus. The way the base tapers to a smaller form toward the top is a shapely design move, as is the chamfered detail under the top. This table has a dynamic personality thanks to the veining in the stone, which means each one will be unique.
