Santos Storage Etagere

By Currey & Company

Description

The Santos Storage Etagere is made of solid mahogany onto which grasscloth and rattan have been artfully applied before a finish that brings the whole piece together. The fixed shelves are covered in grasscloth, the door panels have a geometric pattern made of hand-applied rattan, and the sides of the etagere have horizontal ribs of rattan flowing along them. The patina that the navy finish brings to the etagere is a design detail worth noting.

Shown in navy / brass
