Jahnu Bench

By Currey & Company

Description

Proving that texture works well on a contemporary piece of furniture, the Jahnu Bench has a surface that is swirling with personable tonal variations and stippling. The gold bench is composed of a cast aluminum rectangle that sits atop a black plinth base, which is also made of aluminum. Though the lines of this piece are thoroughly modern, the metal bench would also shine in a setting with industrial stylistic notes.

Shown in antique brass
