Waterfall Table Lamp

By Currey & Company

Description

Ian Thornton designed the Waterfall Table Lamp with its articulated stem fitted with optic crystal cup-like discs that glow when the lights are switched on. Inspired by a fountain, Ian found the perfect symmetry to create the fixture's modern sophistication. The lamp sits atop a black marble base; the clear shapes are separated by metal globes in a brass finish, and the fixture is topped with an off-white shantung shade. 3-way turn knob.
