Eleanora Table Lamp

By Currey & Company

Description

The Eleanora Table Lamp, designed by Tom Caldwell, has a modern feel that leans toward Hollywood glamour. Made of natural alabaster, the graduated segments of luminous material are cinched by brass rings that glow just as beautifully as the stone when the lamp is switched on. Design details of note are how the finial tapers as if it is an extension of the lamp's body, as well as the shallow profile of the off-white linen shade. On/off cord switch.

Specifications
