Daze Linear Chandelier

By Currey & Company

Description

When a soft glow is desired, milk glass is one of the best materials to diffuse illumination. Our Daze Linear Chandelier is made of articulated panels of white milk glass that are joined together by ribs of metal in an antique brass finish. This white chandelier will turn luminous when it is switched on and will bring ample illumination to a long dining table or a kitchen island.

Shown in antique brass / opal
