## Rosabel Chandelier By Currey and Company

## Description

The Rosabel Chandelier is a bouquet of delight designed by Tom Caldwell. By placing the blooms along the undulant stem and designing the leaves to float downward, he created a whimsical gold chandelier that is nature-inspired, but seriously sophisticated. The roses and leaves are fashioned from brass in a warm antique brass finish. The white shades and the nostalgic motifs make this a terrific choice for both traditional and transitional interiors.

Shown in antique brass / off white
