Sabia Chandelier By Currey & Company

Description

The Sabia Chandelier was designed by Clarence Mallari to showcase the natural beauty of wood beads. The elemental range of hues that the small orbs exhibit bring a textural complexity to this tan chandelier. The beads grow smaller as they flow toward the bottom of the fixture and the Coco Cream finish on the metal frame draws out the softer tones in the natural material. The Sabia will bring a bohemian flair to a space.
