# Spring Plug-In Wall Light

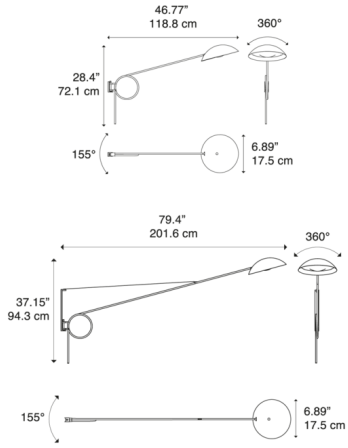

By Diesel Living

## Description

The Spring Wall Light offers a refined, modern interpretation of classic swing-arm task lamps. The sleek linear arm is attached to the wall plate by an open ring, giving the fixture a light airy aesthetic and adding a subtle geometric accent. The arm can be moved side-to-side 155 degrees, and the dome-shaped shade rotates 360 degrees to direct light in any direction. On/off switch located on cord.
